

INSURANCE BENEFITS

Every patient is responsible for knowing the benefits, limitations, and payment responsibilities under their particular insurance plan. While we are happy to assist our patients where we can with insurance issues, there are hundreds of plans available to consumers and our office is not responsible for knowing and/or interpreting the terms and conditions of individual policies.

Payment of co-payments, co-insurance and deductibles, as per the terms of your policy, are expected at the time services are rendered. Please contact your insurance company directly to avoid any confusion about out-of-pocket costs for which you will be responsible. Our office will file claims for all reimbursable services to your insurance company and will bill you for any patient responsibility after your plan has paid its portion of the claim.

If the doctor is not a participating provider for your insurance plan (out of network), and you choose to be treated here on a self-pay basis, all fees will be *due*, in full, at the time of service.

For your convenience in settling your account, we accept *cash*, checks, Visa, MasterCard and American Express.
